## ANNOUNCES

### MEMORANDUM OF UNDERSTANDING

### WITH **AATSP**

The AATSP and [Idioma Education & Consulting, LLC](#) have established a Memorandum of Understanding (MOU) in the pursuit of expanding access to high-quality, affordable professional development and graduate-level courses to Spanish- and Portuguese-language educators across the US. With this MOU, **we confirm mutually agreeable collaboration** in the development of activities and projects that grant greater global projection to initiatives for the teaching and learning of Spanish and Portuguese which can be beneficial for teachers, learners, and researchers.

Founded in 1917, the American Association of Teachers of Spanish and Portuguese (AATSP) ([www.aatsp.org](http://www.aatsp.org)) is the oldest, largest, and most comprehensive language-specific professional association in the United States. Their nearly 10,000 members are educators from pre-K through graduate school who endorse our mission to promote, develop, and advance the teaching of Hispanic, Luso-Brazilian and related languages and cultures in the United States and in other countries. Along with the Association's other programs, publications, like the research journal *Hispania*, and projects, the Association awards scholarships to outstanding teachers and students annually.

Starting in the New Year, Idioma Education & Consulting will be offering awards and/or discounts to qualifying AATSP members to defray the cost of Idioma professional development and graduate-level courses and on-site/virtual workshops and coaching sessions, in addition to subsidizing educational travel and/or AATSP conference attendance. ### **Don't fence me in! An eclectic approach to language teaching**

Date and Time:

**Mar 21, 2023**, 7:00 PM in Eastern Time (US & Canada)

Does everyone in your school or district teach the same way? Of course not! And that's okay if everyone has a shared vision and goals for student proficiency. But **conflict can arise when teachers choose different methodologies** to reach the same language learning goals. As leaders, how can we honor one another's practices and continue to work effectively together to improve language learning?

In this session, we'll talk about how teachers can embrace **Principled Eclecticism** - a method of language education that combines various approaches and methodologies to teach language depending on the aims of the lesson and the abilities of learners. Let's learn together how to choose the best methods that match our strengths and what our students need to become proficient language users and culturally competent global citizens!?

Registration details: After registering, you will receive a confirmation email about joining the meeting.
