NTSAFLT Webinar Series

<https://nysaflt.org/webinars/>

Coming Up:

Wednesday, Nov. 11 — 7:00 p.m. (1 hour)

Planting the Seeds of Proficiency in Elementary and Middle School

Presenter: Joshua Cabral, Brookwood School, Manchester, MA

Students are successful in the elementary and middle school classroom when instruction is aligned with principles of child development. Language learning is most productive and effective in a classroom community that makes learners feel safe, valued and successful. In this workshop, you will learn activities that provide a supportive context for risk-taking, build community, focus on authentic communication and follow language proficiency guidelines. Can Do Statements and speaking goals are not just for older language learners.

Joshua Cabral has an MA in Applied Linguistics, specializing in second language acquisition. He has been teaching French and Spanish at the elementary, middle and high school levels for 22 years. In addition to teaching at Brookwood School in Manchester, MA he regularly presents workshops on language proficiency and cultural competence at state, regional and national conferences. He also consults with schools and districts across the country as they build proficiency-based language programs. Joshua is passionate about access to education in developing countries as well and works closely with schools in Haiti and Nicaragua.

In anticipation of our spring conference ***Finding Our Voice: World Languages for Social Justice***, NECTFL will present a fall/winter webinar series in which we delve into this important topic and explore its many facets. This webinar series is **FREE** thanks to support from [Wayside Publishing](#).

Tuesday, November 17 @ 7–8:00 p.m.

Finding LGBTQ+ Voices in the World Language Classroom with Joseph Parodi-Brown, Ed.D, Marionapolis Preparatory School

A critical component of creating classrooms that are centered in social justice is ensuring that every student can see themselves. This webinar will offer language educators a glimpse at research about creating learning environments that are welcoming and affirming of LGBTQ+ students and offer suggestions on how that research can inform a language classroom. The presenter will offer suggestions on where to find authentic resources that are inclusive of the LGBTQ+ community and will discuss the challenges of discussing gendered languages with students who increasingly acknowledge nonbinary identities.

Wednesday, December 16 @ 4-5:00 p.m.

Designing for Equity: Power, Perspectives and Protocols with Maryann Woods-Murphy, Ed.D, Woods-Murphy Educational Services

When educators design for equity, they ensure that students are given fair and rich learning opportunities. In this Webinar, participants will explore why it is important to design learning experiences that hold equity as a core value. Participants will learn how to share power in a classroom setting by learning about students' interests and stories. By building in opportunities for students to take on multiple perspectives, teachers include more voices, contexts and approaches. Finally, the Webinar will review three easy-to-use protocols that engage learners in shared thinking and meaning making in the context of the world language classroom.

Monday, January 11 @ 7-8:00 p.m.

Using Digital Games to Create Communicative Activities About Social Justice Topics with Silvina Orsatti, Ed.D, University of Pittsburgh at Greensburg

Digital games are being recognized as new contexts and means for language learning. During this webinar, participants will discover social impact games about real-world issues and explore communicative activities that make game-play relevant to the language learning process. First, attendees will be introduced to the elements of social justice education (factual information, tools for critical discussion, tools for social change, etc.) that need to be present in activities for social justice in the world language classroom. Then, they will experience two to three digital games about social justice topics. Lastly, the presenter will share ideas for communicative activities for these topics.

Evento formativo organizado por la Junta de Castilla y León y el Centro Internacional del Español de la Universidad de Salamanca.

Si alguien tiene mucho interés, hay posibilidad de dar **dos becas (contactad con elisa.bueno@educacion.gob.es)**. Se ruega la máxima difusión entre el profesorado de y en español. Copio la información que nos remiten:

Los **días 5 al 13 de noviembre de 2020** se celebrará en línea el **VI Congreso Internacional del Español en Castilla y León** <<http://www.congresosele.com/>>

Desde estas líneas quiero invitaros a todos los docentes, profesores, escuelas y empresas ligadas a la enseñanza del español a compartir estos días intensos de conocimiento. El programa que ha elaborado la Junta de Castilla y León y el Centro Internacional del Español de la Universidad de Salamanca tiene como hilo conductor los entornos del aprendizaje, enseñanza virtual y en resumen una temática muy actualizada del mundo ELE. Por ello el lema es Español para todos y el hashtag propuesto es #españolparatodos.

El programa incluye temas tan actuales como las competencias, destrezas, métodos, técnicas, actividades, etc en el mundo ELE. Además se contará con talleres prácticos a cargo de las escuelas y universidades más punteras, así como sesiones en directo a cargo de los responsables de educación de las diferentes embajadas de España donde se hablará del día a día en la enseñanza del español en cada país. La inauguración del congreso contará con una sesión especial en la que el Director del Instituto Cervantes, D. Luis García Montero hablará sobre aspectos evolutivos del español en 2020.

La calidad de los ponentes en todas las conferencias está asegurada; especialistas españoles e internacionales de reconocido prestigio se han unido a esta edición el línea del VI Congreso Internacional del Español. Creemos que las posibilidades de aprender de los mejores están garantizadas.

El trabajo va a ser intenso, pero merece la pena. Los que pensamos y defendemos que nuestra especialidad es imprescindible debemos buscar la excelencia, practicarla y explicarla. Esperamos que el VI Congreso del Español en Castilla y León sirva para este fin y nos ayude a ser mejores, aplicar y transmitir nuestros conocimientos para mejorar la calidad de la lengua española.

Estamos convencidos de que los días de la reunión os permitirán descubrir ideas y ampliar vuestro conocimiento y si no podéis conectaros en directo, podréis disfrutar de todos los contenidos en diferido. Toda la información y el enlace para registrarse está en su página web <http://www.congresosele.com/>

FROM ELISA BUENO BRINKMANN, EDUCATION ADVISOR AT THE SPANISH EDUCATION OFFICE IN MIAMI

Dear friends,

On **Tuesday, November 11th**, the Education Office of the Embassy of Spain, will be hosting a free PD Activity which we hope will be of much interest to all educators.

These days, with so many changes that we are experiencing, educators are in real need of as many creative tools to inspire and bring out the best in their students as possible. **Genially** is one such tool. **Genially** is a media creation platform focused on designing and sharing media creations and presentations of all kinds. Teachers can use **Genially** to create visually appealing, engaging, interactive content for classroom lessons. For example, you can use the quiz template for a quick warm-up or closing activity. Or turn slides of short, impactful text and images into videos. Students can collaborate and analyze an infographic, adding annotations and insights using interactive tool tips. There are thousands of possibilities!

We will also be learning about tips for distance or blended learning, creating interactive and animated content and the use of the best tools (other than Genially) to use for your lesson planning.

The activity will be offered **in English** and will run from **10 AM EST to 12:30 PM EST**.

So please join us to learn about how you can up your communicative skills with the use of these tools and make your students' learning experiences engaging and attractive.

You will need to confirm your attendance through [this link](#) and also to participate in a lottery draw for free Premium plans.

And here is the link for the webinar <https://youtu.be/oA2dgiZGTKE>

FOR STUDENTS

Virtual Internship for Spanish Students

Every Saturday, from October 10th to November 28th, 2020

This Fall, Outreach360 is offering a unique two-way language learning internship. With just a two-hour commitment each Saturday for eight weeks, you will provide our English students in Nicaragua and the Dominican Republic with the valuable opportunity of speaking with native and like-native English speakers through small group conversations. In turn, our students will be able to give back by supporting your growth in Spanish language-learning. **Registration deadline: September 28, 2020**er. Info:

<https://www.outreach360.org/fallinternship>

some more details

1. How do you keep track of the students' hours?

We use Canvas as our Learning Management System and it keeps track of the time that an intern is with us.

2. Can they be used as community service hours?

Yes, absolutely. Unless their school has some very particular service requirements.

3. Do you issue a certificate that includes the total number of hours?

We do provide a certificate and we can provide the total number of hours if requested. It's not automatically included as some of our volunteers are not interested in that aspect of the internship.

4. Do you provide training prior to the students being connected to a student either in the Dominican Republic or in Nicaragua?

Yes, we provide pre-internship training using our Canvas LMS, and provide ongoing support each week of the internship. Each intern is partnered to teacher with one or two other interns on a teach-team.
